MISSION SAN JUAN CAPISTRANO
Founded 1776

The Arch-lined quadrangle around which the Mission buildings are clustered is commonly called the "Patio" The area of the patio at San Juan Capistrano is about one acre, each side measuring approximately two hundred feet.

FOR CORRESPONDENCE

I am so proud of your Norbert she made 95 on the Informal Test! I would not have done nearly so well. She missed on the three Arith. problems! It's a good test, and interesting, isn't it? You didn't say who made highest average in the school. Miss Pratt here
